QUEENEE.io

WEBSITE BUILD

Onboarding & Next Steps

You're in. This is your welcome packet — what you just secured, how the build runs, and exactly what I need from you to start.

TURN NEGATIVE INTO POSITIVE

The QUEENEE.io Website Build

A done-for-you business website, designed and built end to end so you show up sharp, load fast, and convert visitors into calls and customers. Final scope is locked together at kickoff — the below is the standard package.

- **Custom multi-section site** — home, about, services, and contact, designed to your brand, not a generic template.
- **Fully mobile-optimized** — built to look right on phone, tablet, and desktop.
- **Lead capture** — contact form and tap-to-email so inquiries reach your inbox instantly.
- **Domain + launch** — I connect your domain and take the site live.
- **Foundational SEO setup** — titles, descriptions, and clean structure so you're findable.

Five steps, start to launch

1

Intake

You send the assets on page 3. That's the starting gun.

2

Design direction

I set the look, layout, and structure and share it back for a quick sign-off.

3

Build

I build the full site to the approved direction.

4

Review

You review a live preview. One round of revisions is included.

5

Launch

Domain connected, site goes live, you get the keys and a walkthrough.

Send these to start the clock

Reply to your order email or send to book@hoodstar365.com with:

- **Logo** (PNG/SVG) and any brand colors or fonts you already use.
- **Business info** — name, what you do, who you serve, phone, email, hours, location/service area.
- **Copy or notes** — rough text is fine; I'll polish. A few bullet points per section works.
- **Photos** — of you, your work, your space (or tell me to source stock).
- **Domain** — the web address you own, or say if you need one.
- **3 sites you like** — links that show me the vibe you're after.

Typical turnaround: 5-7 business days

The clock starts once your assets land. Fastest builds are the ones where everything on the list above comes in together.
